

VANCOUVER LABOR TROUBLE MAY DELAY BIG SUMMER FAIR

Union Carpenters Refuse to Work on Buildings Now in Course of Erection—Police Will Not Protect Non Union Men.

Vancouver, B. C., June 9.—Labor troubles in Vancouver may interfere with the "Made in Canada" fair to be held in the month of August. The fair, which is now being planned, is to be held on the site of the old fairgrounds, and the union carpenters have refused to work on the buildings now in course of erection. The police will not protect non-union men.

BURGLARS INVADE UNIVERSITY CITY

RESIDENT OF SISTER MUNICIPALITY AWAKENED BY THIEVES WHO WERE PREPARING TO CART AWAY HIS SILVERWARE.

Determined that he will be prepared for the next bunch of burglars who invade the privacy of his home, Mr. Bain came to Edmonton this morning and purchased a gun that would save him the trouble of being killed. The burglar had evidently made a mistake in the first place, as he had not taken into account the fact that the burglar had been warned by the police. The burglar had been warned by the police, and the burglar had been warned by the police.

AMALGAMATION OF NORTH EDMONTON'S CITIES ASSURED

EXTENSIONS TO STREET RAILWAY CHIEF PROBLEM DISCUSSED BY COMMITTEES LAST NIGHT

A practical agreement between the representatives of Edmonton and Strathcona as to the future street railway extensions in Strathcona, was reached at a meeting of the amalgamation committee in the city hall last evening. The Edmonton committee agreed to extend the lines east and south, to the Mill Creek district, to the University building, and to the agricultural grounds.

The street railway question was the principal problem to be faced by the committees last evening, but a report brought in by the Edmonton committee that the street railway had been extended to the points named above, was brought in and adopted after discussion, thus carrying to what is at all intents and purposes the final stage the negotiations which have been in progress since the spring of the year.

ENTIRE MEXICAN REPUBLIC IS SWIFT BY AN EARTHQUAKE—1,500 BODIES HAVE BEEN RECOVERED TO DATE BUT REPORTS FROM OUTLYING DISTRICTS HAVE NOT BEEN RECEIVED

New York, June 9.—A special despatch this morning from the city of Mexico says:—"Partial restoration of telegraphic communication throughout the public reveals today for the first time the extent of the devastation by Wednesday's earthquake and despatches received in the last twenty-four hours has added to the horror."

LOCOMOTIVE WORKS TIED UP BY STRIKE

LABOR LEADERS OF PHILADELPHIA STRIKE 1,400 WORKMEN HAVE LAID DOWN TOOLS

Philadelphia, June 9.—Stomped by the action of the boiler makers, who struck this morning, workmen in all departments of the Baldwin locomotive works stopped work during the day and tonight labor leaders assert that 16,700 of the 1,400 workmen have quit in sympathy with the 1,200 who were laid off two weeks ago.

KING MAY VISIT CANADA

Toronto, Ont., June 9.—It is reported here that a visit will be made to this country by His Majesty, King George V. The King will visit Canada en route for India, where he will be crowned. It is expected that His Majesty will visit all the important cities in the Dominion during his tour, and will also visit across country and will sail for India from Vancouver.

NEW \$300,000 HOSPITAL BE BUILT ON UNIVERSITY GROUNDS; 'SCONA RATEPAYERS WILL DECIDE

Construction to Commence Soon as Bylaw is Endorsed by Citizens Vote Will be Taken in July—Provincial Laboratory Removed to Strathcona—Petitions for Extension to Street Railway Lines Submitted to the Amalgamation Committee

Strathcona, June 9.—Providing the best of the city are secured, Strathcona's new \$300,000 hospital will be located upon the university grounds on an area about three and one-half acres fronting on Eighth street west opposite the block bounded on the north by Tenth avenue and on the south by Third avenue. In the conference with Dr. Tury yesterday afternoon the adjourned meeting of the council finally agreed upon the site for the future institution but owing to the delay in arriving at this agreement the necessary clauses could not be prepared for insertion in the lease and in consequence the bylaw could not be given its third reading in preparation for publication today as proposed. For this reason the date for voting will have to be advanced to the 15th inst. appointed by the council Tuesday night. An adjourned meeting of the council will be held on the 15th inst. and the required third reading to this bylaw, it being arranged that the clause relating to the site shall be legally drawn out today.

Athabasca Landing Will Have a Railway by the First of Next August

CLEARING RIGHT OF WAY FOR PEACE RIVER LINE.

Thirty-five miles of the right of way of the Peace River line of the C. N. R. have already been cleared, according to Peter Gunn, M.P.P. for Lac St. Anne, who has the contract for clearing right of way of the first sixty miles of the line. The work is being done by the settlers along the right of way at so much per mile.

NAMAYO AVENUE RESIDENT BADLY BATTERED BY THUGS

HELD UP ON NAMAYO TRAIL SEVERAL DAYS AGO AND NOW LIES AT HOME WITH FRACTURED SKULL—POLICE HAVE ACCOMPLISHED NOTHING.

As the result of a holdup on the Namayo trail two nights ago, Adolph Tietzer, a resident of Namayo avenue, is at home with a fractured skull. The holdup occurred on Sunday night. So far the police have not been able to find the men who were held up. The police are reported to be investigating the case. The holdup occurred on Sunday night. TO SECURE HIGH GRADE STOCK FOR DEMONSTRATION FARMS

For the purpose of securing dairy cattle for the Medicine Hat demonstration farm, and a carload of heavy draft mares for the various farms throughout the province, Hon. Duncan Marshall, minister of agriculture and H. A. Craig, superintendent of demonstration farms, will leave the city early next week for Toronto. Mr. Marshall will be accompanied by Mr. Arch McLean, provincial secretary, who will also leave for Toronto to secure dairy cattle for the farms at the Lebride and the Medicine Hat demonstration farms. The purpose of the trip is to secure high grade stock for the demonstration farms.

DISCOVER GOLD IN SASKATOON STREET

Saskatoon, June 9.—Workmen while digging a sewer today on avenue G, six feet, came across a vein at a depth of about six feet that is extremely rich in mineral that has every appearance of being gold. A shovel full was taken up to a nearby shop and when examined was pronounced gold. This naturally led to further and closer examination of the vein which is of sandy, gravelly nature.

CHIEF BELL WILL RECOVER

Red Deer, June 9.—Chief George J. Bell who is in the hospital here recovering from a gun shot wound inflicted by the bandit Arthur Francis Kelly, rested easily yesterday and last night. His condition is reported by the authorities to be gradually improving.

Canadian Northern Will Commence Laying Steel in July—Grade is Now Completed to Stoney Creek

REGULAR TRAIN SERVICE BY THE FIRST OF OCTOBER

Athabasca Landing will have railway communication by October 1st of this year, according to a statement made this morning by John McIntyre, one of the engineers of the Northern Construction company, who returned to the city last night after a trip of inspection of the construction work now being carried on along the line. The grade is now completed to Stoney Creek, at mile 59 from the south end of the line, said Mr. McIntyre. The construction of the grade between Stoney Creek and the Landing, a distance of 35 miles, is being rushed. Between 250 and 300 teams are at work on this section of the line. There is some heavy grading to do, running in some places at 75,000 yards per mile.

REPORTERS EJECTED FROM POLICE COURT

AIR OF MYSTERY PREVAILS AT POLICE STATION—CASE TRIED BEHIND CLOSED DOORS—CHIEF OF POLICE EMULATES SPHINX.

An air of mystery enveloped the police station all this morning. Policemen and clerks bustled about with a great show of official dignity and witnesses and others stood around the corridors with an air of expectancy. After the drums were disposed of a policeman swept down upon the small audience and pronounced mostly newspaper men, seized them by the shoulders and showing them to the door. The chief of police, who was in the next case would be tried in closed court. The magistrate had not stated that the case would be tried in closed court. When asked later why he had taken the action he stated that it was the orders of the chief. When the chief was approached and asked for a reason he stated that he had decided that the case would be tried in closed court.

SCARLET FEVER EPIDEMIC IS NOW UNDER CONTROL

VERY FEW NEW CASES REPORTED TO HEALTH DEPARTMENT DURING PAST FEW DAYS—TWO CASES OF SMALLPOX QUARANTINED IN CITY.

Barring an outbreak from unexpected quarters the local health authorities have the scarlet fever epidemic well in hand and it is believed the number of cases will gradually diminish from now on. The health authorities have exerted every effort to stamp out the disease and considering the handling under which the officials have been working, such as an evident purpose on the part of some to conceal certain cases, they have done remarkably well. For more than a month City Health Inspector Matus has been kept very busy posing up cards and attending to other official duties. He said today that an outbreak of the epidemic would be a welcome relief so far as he was personally concerned, and others connected with the health department presumably feel the same.

HORSE THIEF LOCATED

Further information has been obtained as to the horse thief who made away with a steed from the yard of a man named Schwabe who lives some ten miles from Edmonton several weeks ago. Yesterday as he was making one of the missing horses, he immediately accosted the man but let the horse go and made into the bush. He was about 5 ft. 8 in. tall, sunburnt, thin faced, weighed about 120 pounds and spoke with a Russian accent.

A bona fide league has been formed among the 440 prisoners in the Rhineland state prison and games are played in the prison yard every Saturday afternoon during the summer. In recent games, a car barn robber played behind the bat, a post office robber covered first base, and a man convicted of manslaughter was in the box for one of the teams. These prisoners were supplied with pipes and tobacco and rooted for their favorites during the game.

They were discussing a certain author at dinner, and a well-known critic raised a laugh by remarking: "Well, her hair's red, even if her books are not." The man young man in the room made a mental note of the author's name, and at another dinner shortly afterward he carefully guided the conversation into literary channels. Fortunately, someone mentioned the desired name, and he triumphantly called, "Well, she's got red hair, even if her books haven't."

MANY SETTLERS IN JUNKIN VALLEY

LARGE ACREAGE IN CROPS THIS YEAR AND BUMPER CROP IS ASSURED.

Northwest 120 miles from the city of Edmonton, in the Junkin valley, which lies between the lines of the G. T. P. and the C. N. R., settlement during the spring of 1911 has been carried on at a rapid rate, and the time is rapidly approaching, according to Land Guide J. E. Krynen, when, except at very rare intervals, all the homesteaded land in this district will be taken up.

The line of the C. N. R., said Mr. Krynen to the Capital yesterday, "cuts right through my quarter section. I received \$10 an acre by way of compensation for the land required for the right of way." Crops, according to Mr. Krynen, are excellent throughout all the Junkin valley and adjacent country this year, and such a harvest has never been known before which has reaped from the rich farming country which is tributary to this city. It will be the first occasion upon which in any very considerable degree, the new northwestern territory along the routes of the yet unconstructed roads will swell the crop statistics of Western Canada.

For Bald Heads

A TREATMENT THAT COSTS NOTHING IF IT FAILS

We want you to try three large bottles of Rexall "32" Hair Tonic on your personal excretion that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "32" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed, and grown over, and the scalp is glazed.

Remember, we are losing our statements upon what has already been accomplished by the use of Rexall "32" Hair Tonic, an ointment which has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on your liberal excretion. Two sizes, 50c, and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, A. Archibald.

PAVING COMPANY READY TO BEGIN

CITY WILL EXPEND OVER \$225,000 IN PUTTING MAIN THOROUGHFARES IN GOOD CONDITION

Every street is practically in readiness for paving work to be done on various streets of the city named in the contract which was awarded by the commissioners Wednesday afternoon to the Hudson's Bay Co. at the rate of \$2.90 per square yard.

Representatives of the company and City Solicitor Brown, in behalf of the municipality, have signed up the contract, and the paving people are prepared to commence the work with all possible vigor.

Approximately \$225,000 will be spent in paving improvements this season.

The streets designated to be paved include several of the most important thoroughfares in Edmonton.

At a meeting of the city council, April 5, last, the following streets were designated:

Jasper avenue extension, from Syndicate avenue to the west end of the bridge over the ravine south of the penitentiary property.

First street from the C. N. R. tracks to Churchill avenue.

Albion avenue from Third to Fourth streets, conditional on the approval of the city engineer's plans by the council.

Glacier street from McDougall avenue to First street.

Kinsland avenue from Boyle street to a short distance south of the railroad tracks sufficient to permit of the construction of a subway if required at some future date.

At the advanced age of 72 years, J. McFarlane, who has farmed in the eastern states, in North and South Dakota, and in Oregon, and proved up on homesteads in North Dakota and Oregon, has taken a quiet section in the Rich Valley district, along the line of the Northern Railway, and will with his own family carry out many of the homestead duties.

Mr. McFarlane secured his homestead a few days ago, going up with a local party of American farmers, of whom a considerable colony is settling in the Rich Valley country this season.

"I've had six years of growing up on homesteaded lands, and I guess I'm good for three more," said the now venerable pioneer on his return from a local trip. "I've got a claim now that I wouldn't stand for \$1500."

Mr. McFarlane has three sons in the east, but they are not so eager to taste the life of the frontier again as their father is. It is possible that they may follow him to Alberta but all hold good positions in business or professional life, and will not in all likelihood abandon their city careers.

Some half a dozen states in the union, Ontario, and the maritime provinces, are represented in the settlers who have flocked to the Rich Valley country this season. F. Cornwall, who filed some days ago and is remaining in the city to accompany a number of other settlers north, declared in conversation with the Capital this morning that he considered himself extremely fortunate in securing a homestead within half a mile of the route of the C. N. R., Ontario branch. The land is rapidly being taken up. Fall wheat and oats are all in good shape, he reports, and the farmers who have been in the district for two or three years will reap an abundant harvest.

CORRESPONDENCE

Editor Daily Capital:

Dear Sir:—A few weeks past the board of trade of the city of Edmonton issued a circular calling upon all citizens to patronize home industry, printing in red letters on the margin of the circular what they thought was all the home industry.

To the board of trade long their clothes and or buy western products? They do not appear to know there are no tailoring establishments in the city of Edmonton paying a weekly wage of over one thousand dollars. What is the reason?

Trusting you will print this in your paper, I am Yours respectfully, C. S. BROCH, 118 Norwood Boulevard

Ty Cobb made the greatest sprint of his career at Detroit, lately, when he saw a thief get away with his auto that he won by leaving the 1910 hater. Ty had anchored his car and was standing some 50 feet away talking with a friend. He noticed a young man selling quarters around his machine. So when the fellow cracked it and jumped in he was ready. The thief started away and Ty sprinted after him. He caught up, jumped in, turned off the power and jammed the fellow on the pavement in a hurry. He held him until a patrolman came up and placed him under arrest.

Citizens Entitled To Monthly Reports

For the first time since the municipal embroglio began, the commission now has a clean slate, with all pressing work arranged for and all old business brought up to date.

This condition is accomplished not through the co-operation of Mr. Bouillon but in spite of his obstruction, especially in the matter of the paving contracts, in which time is the greatest element.

From this time forward now the new commissioners deal with new business, and if they show the same expeditiousness in this as they have in cleaning the slate of old business, the citizens can have little cause for complaint, except that a month of the most valuable part of the building season was allowed to slip by before Commissioners Candy and Agar came on the job.

There is one thing which remains to be done, however, and which cannot be done too quickly. In what he called his centralized system, Mr. Bouillon has worked out a style of accounting which leaves the public absolutely in the dark as to how the city's utilities are progressing. With a million dollars invested in the street railway, for instance, there has been no report since last November of how the business of the street railway stands. It might be losing money or it might be making money, but the public has no information. With the single exception of the power plant, on which a report was made not so very long ago, the other utilities are in the same situation as the street railway. Such a state of affairs is, of course, ridiculous and absurd and must be remedied as soon as the new commissioners can get around to it.

Mr. Bouillon's centralized system may be a very good system, and it certainly must have some merit or he would not have adopted it in the first place, but it would be interesting to hear from the auditor and the secretary-treasurer as to why the ratepayers can not get a monthly report.

If monthly reports are impossible, then the system must go. If they are not impossible, it should be up to the secretary-treasurer and the auditor to produce them without delay.

In the meantime Mr. Bouillon could well be kept busy at the things for which he has ability and training, such, for instance, as laying out a new water system, and let the men who are accountants look after the accounting.

West Buncoed

By Cement Merger

While this city and every other city in the west is suffering through an artificial shortage of cement brought about by the merger, the government has the easiest of all remedies in its anti-monopoly clause in the tariff.

Cement today is 51 cents dearer in Winnipeg than in Minneapolis. If the government were to take the duty off by order in council, as it has power to do, the merger's monopoly would vanish at once and the price would have to supply cement to western cities at a reasonable price or get out of the market.

The west has been buncoed long enough by this cement conspiracy. It is time for the government to afford relief.

Permanent Board

Should Arbitrate Strikes

The experience in the Crow's Nest Pass shows that in its present form the Conciliation and Arbitration act is a good deal of a failure. The men have been out for three months and although the south country is running short of coal everywhere, with steam plows tied up and the kitchen range empty, the arbitration seems to be about where it was when they started. In the midst of this situation the chairman of the board suspends the arbitration while he makes a fifteen-day trip to Winnipeg, and the whole machinery of arbitration is brought to a standstill to suit the convenience of this one man.

If the conciliation and arbitration system of settling strikes is any good at all, it is good enough to be placed in the hands of a permanent board, similar to the railway commission, composed of men who know something about labor conditions and whose business it would be to get difficulties settled as quickly as possible. The system of turning the arbitration over to amateurs is undoubtedly wrong.

JUST PARAGRAPHS

The health department has frequently intimated that there are no man-eating microbes in the Edmonton water. And looking at the Edmonton water one feels constrained to admit that such is probably the case—if the microbes have any ideas of self preservation themselves.

Laborers in Saskatoon the other day found gold in a sewer trench, and the city authorities immediately stopped work until the stuff could be panned, undoubtedly intending to get proof that Saskatoon offers health and wealth in the one ditch.

Calgary is so afraid that it will not get the car shops that Calgarians are going to camp on Shaughnessy's trail and surround him with a wall of publicity literature stacked up so high that he will not even be able to see the gas geysers of Medicine Hat.

Mr. Bouillon says we need a new water plant at Laurier Park. Sounds like something Tom Bellamy said two years ago and that Superintendent McLean has been saying about every 20 minutes since.

May 23, Empire Day, May 24, Victoria Day, May 26, Queen Mary's birthday, June 3, King George's birthday, June 22, Coronation day—almost makes a fellow wish he had a government job or worked in a bank.

Coming so soon after his departure, the Mexican 'quake makes it look as though the map tipped up just a little when Diaz stepped off the continent.

That white stuff on the shoes does not necessarily indicate that the wearer is a plasterer on strike. He might have been only a visitor to the marl beds.

When they start sticking them up at night, the building season in Edmonton may be counted as well under way.

ing from Calgary which formerly arrived here at 10:15 o'clock at night. In order to prevent conflict with the Winnipeg daily which now leaves at 10 o'clock at night, the Calgary train is scheduled to reach here at the same time that the Winnipeg train pulls out, leaving in on the siding used by the 8:15 a.m. passenger.

It is understood that the Ladies Aid of Metropolitan Methodist church are planning to have a booth on the exhibition grounds at the Dominion day celebration in this city, at which dinner and tea will be served as well as lemonade and other refreshments.

The concert to be given in Knox church on Tuesday evening next promises to be one of the best entertainment provided in the city during the season. A series of readings and tableaux from Mrs. McElm's popular western story "Sowing Seeds in the Dust" will be the feature of the concert and interspersed in the programme will be a number of musical numbers by well known Edmonton artists.

Work is going forward this week on the residence connections with the water and sewer system in many parts of the city. The department have a large number of these installations on order and will find it no easy contract to keep up with the demand since the connections along properties to be paved past require all the men available.

NEW CARS COMING

Two new cars will be added to the municipal street railway department in the near future, bringing the number up to 23 for active service on all lines in Edmonton and Strathcona. The new cars have been shipped from the factory in Ottawa and are now on the way, their arrival being a matter of only a few days. Eight more cars have been ordered, making 31 that the city will have late in the fall or early winter.

NOTICE

On Monday, the 26th June, the price of all lots in Cromdale will be advanced \$25.00 each.

Cromdale is absolutely the cheapest property in the city today. It is but twenty minutes' walk from the Postoffice, has two lines of street cars running through it, all lots are high and dry, and it is an ideal site for a home, adjoining as it does the beautiful new City Park and Exhibition Grounds. There are very few lots left for sale in Cromdale, and we would strongly advise you not to miss this opportunity of securing one or more lots now.

Present Price of Lots \$275 to \$450.

Her Face and Body Were Littered Covered With "BOILS."

Burdock Blood Bitters Cured Them.

Mrs. John H. King, Johnston, N.B., writes:—"Last summer I was very much troubled with boils, and my face and body were literally covered with them. A friend advised me to take Burdock Blood Bitters. I got three bottles, and before I had taken all the first one my boils began to go away. I had just taken a few doses of the last one when they all disappeared. My husband has also used Burdock Blood Bitters with much benefit."

Boils in themselves are not a dangerous trouble, but still, at the same time, are very painful. They are caused entirely by bad blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing so equal to that old and tried remedy, Burdock Blood Bitters.

Award Contract For East Bridge

Connell Spencer Construction Co. Will Build the Bridge—Contract for Paving Has Been Awarded to Blithfield Co. Dispute Protest of Minority.

The contracts for the piers for the East End bridge over the Saskatchewan were awarded to the Connell Spencer Construction Co., at yesterday afternoon's meeting of the commissioners, there being the lowest tender.

In spite of the protest of commissioners Boulton and Butehart, the paving contracts were awarded to the Blithfield and Contracting Co. When the contracts were originally opened some days ago, there was no guarantee accompanying the tender which Mr. Boulton considered an insult to its acceptance. The prices quoted by the Blithfield were also the highest of those submitted and neither Mr. Boulton nor Mr. Butehart could see any reason for departing from the rule usually applied. Yesterday, however, they were overruled by the majority of the board.—News Item.

Lacking their protest with a list of signatures, many feet in length, the residents of the southwestern and southeastern districts of the city are making strenuous objection to the dead end of the street railway which the city board is requesting Edmonton's amalgamation committee to guarantee extension within two years after Fifth Street west to the city limits near the cemetery. While the 250 or more signers protest against this proposed extension on Fifth they are not seeking to place obstructions in the way of placing a street railway through the south end, on the other hand they are petitioning strongly for a belt line south of University Avenue of about two and one-half miles in length which would serve for a wide and well populated district.

The objection to a street railway on Fifth Street is that it would serve but a few people in comparison to the belt line which is proposed in its stead. Moreover, its opponents declare, the Fifth Street extension would probably prevent any other line, which would be of the greatest benefit to the greatest number, being constructed for years. The route upon which the 250 applicants would have a belt line placed connects with the proposed line on Sixth Avenue south at Second Street west, known as the Calgary trail. It is urged that the line traverse this street until Nineteenth Avenue south is reached, upon which an easterly course might be taken to Fifth Street east, thence north to Whyte Avenue and the present track, the new level bridge. This belt line system is one that appeals to the average citizen as one that would serve the south end very satisfactorily and one that would probably be shortly placed on a paying basis by reason of its traversing many of the best residential subdivisions in the city. Not a few of those signing the petition feel so strongly on the matter that they

BUILDING PERMITS

The following permits were issued yesterday afternoon and this morning from the office of the city building inspector:

A. Boodle, house, Thirtieth street, \$4,000; J. L. Woodhead, house, King street, \$100; G. Bohrer, house, Fox street, \$495; Mrs. Sanderson, terrace of eight dwellings, Twenty-second street, \$15,000; provincial government of Alberta, addition to registry office, Fifth street, \$1740.

CHANGE IN SCHEDULE

Beginning tomorrow morning, Saturday, the through service by way of Namayo avenue will be discontinued and the service operated by way of Spadina avenue. In order to accommodate the passengers on Namayo avenue a car will run between Griesbach and Jasper avenue which will connect with all city cars.

This change is necessary on account of the paving operations between Griesbach street and Sutherland street.

BRIGHT FAREWELL TO JIM MCKINNON

BUNCH OF HIS FRIENDS GIVE POPULAR YOUNG MAN BREEZING SEND-OFF ON MATRIMONIAL ROUTE

On the eve of his departure for the Island—what other island is there?—where he is to be married on June 29, James A. MacKinnon was made the guest of last night of a complimentary banquet given in his honor in the dining room of the King Edward hotel, at which 33 of his friends gathered to encourage him in his determination to take the plunge into the new condition of responsibility.

Among those present were many of the leading business men and most of the brighter lights among the young men about town, and as a testimonial to the popularity of the guest of the evening there was offered a series of after dinner speeches which would have done credit to a lord mayor's banquet. J. H. Morris acted as chairman of the occasion and among the speakers were G. H. Bennett, who mourned the fact that he was about the only one of the bright young men left in the city who had not been able to get himself captured by some fair dame, George B. McLeod who came very close to admitting that he had intentions, George D. Hunt who returned from his honeymoon just in time to see his old-time friend Jim MacKinnon profit by his example. There was music, vocal and instrumental, and a certain amount of the sparkling effervescence from the vineyards of France, all of which, and the long farewell to the young man who is going far and with serious intent, kept the company in their places until long after midnight.

Mr. MacKinnon has been a resident of Edmonton for the past seven years, having been identified with practically every movement, public and political, during that time, and has in recent months been a conspicuous figure in the business circles of the city. The lady of his choice is Miss Sharpe of Summerside, P. E. I.

Those present at last night's gathering were: J. H. Morris, chairman, George D. Hunt, R. B. Dolan, H. J. Howell, J. D. Panton, S. W. Bridges, G. H. Bennett, G. W. McLaren, Maynard Rogers, George B. McLeod, J. P. McMillan, W. E. Goe, Fred B. Macfie, G. S. Eaton, F. W. Adams, A. J. Richards, H. J. Baer, Garnet Morris, P. J. Whittier, A. E. MacKinnon, T. H. Lancaster, W. A. Kirkpatrick, R. L. Galsoun, H. G. Morris, B. F. Morris, Frank L. Day, Joe Adair, M. R. Jennings.

Mrs. S. J. Bradshaw, of Pemberton, B. C., is visiting her brother Horace W. Wilson, of Strathcona for a few days. Mr. H. Baker, who arrived here recently from Minnesota, says that prospects are better in northern Alberta than in any section of western Canada. He expects to form a colony of friends up the Grande Prairie.

RAILWAY LABORERS TRY TO BOARD AT IMMIGRATION HALL POSING AS LANDSEEKERS

Three railroad laborers from Vancouver who came to Edmonton to work on the G. T. P. grade west of Prairie Creek tried to work a game on Mr. Webster at the immigration hall yesterday afternoon whereby they thought to secure cheap lodgings while in the city. They were unsuccessful.

The men presented themselves at the hall and applied for accommodation there on the grounds that they were newly arrived immigrants who had come to the country by way of Vancouver from different points in the western States. One man claimed he was from Seattle. They were Norwegian laborers they said.

Every man is supposed to get a certificate of examination on entering the country but the men claimed they had left theirs in their trunks.

Questions relative to their passage into the country and facts about the places they had come from in the States revealed a total lack of imagination on the part of the would-be cheap boarders. A continuation of the cross-questioning process brought out the fact that they had been at the coast on the Canadian side of the boundary for some time. Their names were stroked off the register in the immigration hall and they were told to go elsewhere for their lodgings.

"You can scarcely blame a man for trying to save three or four dollars on his board bill in that way but he won't do it at this place while I'm here," said Mr. Webster, this morning.

RUSSIANS AT THE IMMIGRATION HALL

COME DIRECT FROM LAND OF CZAR AND WILL LOCATE NEAR THIS CITY

When the city transfer bus draws up in front of the immigration hall on First street one is likely to see a typical remnant of the masses of humanity that surges almost daily through the docks at Ellis Island or along the gauges at Halifax or St. John, emerge from it and pass along the south side of the main hall to the long low building in the rear that has been set apart for the Russians quarters.

Such a little crowd of foreigners was to be seen on the sidewalk in front of the hall this morning. It was a party of Russians, in which there were nine men and women and nearly as many small children. The transfer bus from the G. T. P. train arriving

this morning in Strathcona drew up in front of the hall and the weary travelers alighted one by one. The women were dressed in black or gray with the characteristic Russian shawls bound over their heads and heavy working shoes on their feet. The men were dressed more nearly in accordance with the American style. Bright colored shawls covered the heads of the little girls and their little pink dresses were trimmed in a fancy fashion. All the children were bright-eyed and happy looking.

Picking up their baggage which had been unloaded on the sidewalk from the top of the bus the little company filed around the south side of the hall, the men carrying the large, clumsy sacks which contained the bulk of their worldly goods, and the larger children bearing baskets and tin cans and little wooden trunks.

It looked like a little part of Russia passing through the side gate—just such a crowd as one might imagine going into church in a little village back in the czar's dominions, if it had not been for their burdens of various kinds.

Questions relative to their passage into the country and facts about the places they had come from in the States revealed a total lack of imagination on the part of the would-be cheap boarders. A continuation of the cross-questioning process brought out the fact that they had been at the coast on the Canadian side of the boundary for some time. Their names were stroked off the register in the immigration hall and they were told to go elsewhere for their lodgings.

"You can scarcely blame a man for trying to save three or four dollars on his board bill in that way but he won't do it at this place while I'm here," said Mr. Webster, this morning.

RECEPTION FOR HON. R. L. BORDEN

COUNCIL COMMITTEE WILL MEET THIS AFTERNOON TO OUTLINE PROGRAM—CICIC WELCOME

The committee appointed by the city council to arrange details of a program to accord a civic reception upon the occasion of the visit of Hon. R. L. Borden to Edmonton, June 28, will meet some time this afternoon and formulate a report to be submitted to the council next Tuesday evening.

It is planned to give the Conservative leader a suitable reception when he comes to the city. Addresses will be made, among others one by Mayor Armstrong in his official capacity. Mr. Borden will include Edmonton in his speaking itinerary through the western provinces and it is intended to make his visit here a memorable one in many ways, aside from a civic reception, members of the Conservative party planning to give him a very cordial welcome to the city.

By using arc light on the Tuxler block for the purpose of enabling the workmen to proceed with the construction all night long, the contractors for the structure have introduced an innovation in building operations in Edmonton.

Military Point Cooking Lake
Well, where did you get the name, some of our friends ask us.
Well, this is the spot where the Hundred and First Regiment made their camp last year. They had a good time. They selected the place because the land was high and dry, the beach good and the distance from the station short; plenty of good shade trees and a score of other qualifications. So the owner of the property did them the honor to name the subdivision "Military Point."
Lots are selling at Military Point for the very reasons above mentioned.
There will be special train service all summer long. The rate is to be 90c. for the week-end.

REAL ESTATE BULLETIN

In the business districts, Jasper Avenue is much in demand and some heavy sales have taken place, while others are pending for a day or two. Warehouse sites and Kinsitino are also asked for.

In residential lots, the H. B. Reserve, Groat Estate and Ingwood are moving in the West End, and Norwood in the East.

In houses, the West End has priorities of enquiry at all times, and demand is good.

Land for subdivision and blocks of farm lands continue in strong demand.

Alberta Park

More than one-fourth of this suburb has been sold, but some choice blocks are still available and we commend these to our clients as good investments, certain to yield a good return.

NEWS OF THE CITY

Mrs. W. H. Griesbach, 195 Sixth street will not receive today.

Mr. R. H. Stewart, sec-treas. of the Purvis Co., leaves to-morrow morning for an extended trip to the old country.

The pulpit of All Saints church will be occupied on Sunday next by the Rt. Rev. Dean Robinson of Belfast, Ireland.

D. S. McKendall, deputy minister of education, departed yesterday morning for the east on departmental business. He will be absent about four weeks.

Sophie Kostuka, a Galician woman, was removed to jail yesterday at the local mounted police barracks in default of payment of a fine under indictment for assault at Lacombe.

The wedding of Miss Minnie Eileen Wilson of North Edmonton to William V. Stevenson of the Swift Canadian Company, is announced to take place at the residence of W. A. Wilson, North Edmonton on Tuesday, June 13th at 8 p.m.

The property at the corner of Elizabeth street and McDougall avenue owned by J. B. Morris of Edmonton and Harry Maill of Calgary was sold on Wednesday for \$65,000. The deal was put through by the Mays-Clislin Company.

R. Swift, one of the employees at Walter's mill had his thumb, first and second joints badly lacerated yesterday in one of the saws in the mill. The emergency ambulance was called and after being given medical attention, Swift was taken to his home.

A meeting of the retail merchants of the city will be held in the board of trade rooms this evening at 8:30 for the purpose of meeting the wholesale agents of the city in order that they may come to a mutual understanding beneficial to each.

A water main spring a leak on Jasper avenue at Third street last evening at 7 o'clock and the water spouted up through the manhole and flooded the street car track for a considerable distance. Employees of the waterworks department stopped the leak before any damage was done.

The Ladies' Aid of the Norwood Methodist church will hold a land concert and ice cream social this evening on the grounds at the corner of Main avenue and Kensington street. Should the weather be unfavorable the social will be held in a vacant store, and sandwiches will be served during the evening.

Starting at Queens avenue school 110 boy scouts marched last night in the funeral parade before the four boys scouts from Edmonton leave for the coronation. Colonel Edwards delivered a short address to the boys after inspecting the four who are to go to England. Major Galtborth of the mounted police has offered prizes for efficiency among the boy scouts, the presentation to take place some time within the next six months.

By the sale yesterday of lots 153 and 154 in Block 3, corner of Jasper and Third streets for a little over \$175,000, the Alberta agencies established a record price for Jasper avenue property in this part of the city. The property has a frontage of 190 feet, and the price per foot for the two lots is thus \$1,600. The property was bought by a Toronto man a year ago for \$1,000 a foot, and yesterday's purchaser was a Vancouver capitalist.

Mr. and Mrs. W. R. Evans sustained a great bereavement this morning when their little daughter Doris, aged 12 years, died at the Isolation Hospital, in the presence of her parents, Archdeacon Gray of the English church and Dr. McNeill the medical attendant.

The funeral will take place from McCormick and Copping's office tomorrow morning.

GLEICHEN BY-ELECTION

The issue of a writ for the Gleichen by-election to fill the vacancy created by the death of A. L. McArthur, the late member, will not be issued until the return of Premier Sifton from the coronation. This was the announcement made to the Capital this morning by Hon. G. R. Mitchell, minister of agriculture.

MYRON W. WHITNEY—The American Basso, who will be heard at the Empire Theatre again tonight.

BAND CONCERT

The following program will be rendered by the Citizens' band at the park Sunday afternoon, beginning at 3:30 o'clock:

March—The Majestic, Russell Alexander.
Overture—Light Cavalry, F. von Suppe.
Concert Mazurka—The Rose Queen, Rosenthal.
Caprice—The Crimson Petal, Fred Jewell.
Serenade—Longing, E. Marie.
Overture—Songs of Elin, F. Meyer.
Intermezzo—First Heart-Throbs, R. Eilenburg.
March—Coronation, Arthur C. Gardner.
God Save the King.

ESCAPED PRISONER APPEARS NEAR CITY

Escaped from the clutches of the R. N. W. M. P., while under escort from Lacombe to Lethbridge, and Boisvert, who was convicted for illicit liquor selling last week, called at a house of flesh houses, 3240 Namayo avenue yesterday morning, and demanded food. The escaped prisoner was in an advanced stage of exhaustion, but still fully conscious as to the danger of recapture, so much so that he threatened to shoot his face broad and buffet which she offered him, and demanded money. This Mrs. Davies refused and the fugitive slunk back into the bushes.

CHEVALIER PLEASURES

The Empire theatre was packed to the doors last evening and although the programme was very lengthy Albert Chevalier and his company held the attention of the audience from the opening until the closing number was rendered. When the curtain was run down on the final act the audience remained seated and for fifteen minutes repeatedly called for Mr. Chevalier until he returned and sang encore.

As an imperator Mr. Chevalier is one of the best that has ever been seen in this city. His make-up is decidedly clever and original while his powers as a mimic stand out very forcibly. From Myron W. Whitney comes some of the best sales that have been rendered in the city for some time. His voice is clear, his enunciation distinct. His Blanche Showalter, prima donna soprano has a remarkably sweet voice and time after time was called upon for an encore. She possesses the vital factor of being able to convey the sentiment of her songs direct to the hearts of her hearers and holds the attention of the audience from the opening to the closing note.

Albert Chevalier and his company will go on at the Empire theatre this evening, tomorrow afternoon and tomorrow evening and those who attend one or all of the performance will never regret it.

CITIZENS MUST REPORT CONTAGIOUS DISEASES

As the result of the discovery of two cases of scarlet fever contracted in the Oliver public school, the direct result of parents allowing a child who had not recovered from the fever attend school and at the same time concealing from the medical health officer the fact that there was fever in the family, a thorough investigation will be made by acting Medical Officer Collins and Dr. Dunn, and any further cases of the concealing of contagious diseases will be prosecuted.
